

WAR IS PROBABLE

Servians Clamoring for War With Austria

And Threaten to Take King Peter From Throne if He Refuses to Fight

(By Associated Press.)
VIENNA, Oct. 8.—War between Austria-Hungary and Servia is recognized as a possibility, although it is believed that it will be averted. King Peter is in a difficult position on account of the clamor of Servians for war, particularly since his tenure on the throne has never been very safe. The Austrians on their part have a new feeling of national enterprise on account of the forward movement in the annexation of Bosnia and Herzegovina, and would be ready for further adventure than they were a week ago. That the government recognizes the possibility of war military precautions show. All the bridges over the Save and Danube near the Servian frontier are strongly guarded by patriots and four Danube river monitors were concentrated at Budapest today.

SERVANS WANT WAR.
BELGRADE, Oct. 8.—Great crowds again surrounded the palace tonight shouting for war, and calling for the king to appear. Finally King Peter, accompanied by the crown prince, came on the balcony and implored the people not to cause a disturbance. The government has stopped issuing passports for foreign travel to those eligible for military service. All the Belgrade papers threaten King Peter with loss of his throne unless he takes up the sword.

POWERS ARE SLOW TO ACT

LONDON, Oct. 8.—A conference of the powers is expected to be held within two or three months if it can be arranged, but no one imagines that it will undo this week's work. Austria declines even to discuss annexation, and the most that is expected is some arrangement that will save Turkey's pride. Before the powers agree to enter upon a conference they will probably be obliged to define its scope, which will be a hard task. British statesmen suggest that compensation be made to Turkey and that guarantees be given against further disturbance of the status quo.

Sir Edward Grey, the foreign secretary, will address his constituents tomorrow evening, when it is expected he will explain the attitude of the British government.

The English papers unite in praising Turkey's moderation and in denouncing Austria. The Standard in a typical utterance says:

"We are sorry for the aged emperor. We regret that so late in his long and honorable career he has chosen to sully his name with a deed which will go down in history alongside of the partition of Poland."

BERLIN, Oct. 8.—The German officials view of the situation with regard to Bulgarian independence and the annexation of Bosnia by Austria-Hungary is set forth in a statement which was issued last night. It says: "Germany will not depart from its position of reserve while awaiting the decision of the Turkish cabinet, with which the question of peace or war momentarily lies. It is possible that despite its peaceful disposition, Turkey may be obliged to draw the sword with the virtually simultaneous issues of the proclamation of Bulgaria's independence and Austria's annexation of occupied provinces. This did not result from conspiracy on the part of the two countries. Austria has the right of annexation according to the terms of the Berlin treaty; under this treaty Bulgaria does not possess rights."

"I was very glad to meet Bryan under such pleasant circumstances," was the only comment Taft cared to make on the Chicago banquet last night.

MUCH BUSINESS DONE ON 'CHANGE

(By Associated Press.)
NEW YORK, Oct. 8.—Arbitrary sales of stocks for the London account on the local stock exchange today were estimated as high as 100,000 shares, which was as much as the total sold previously since the war scare developed in Europe at the beginning of the week. This selling is attributed not only to the English holdings of our securities, but indirect pressure through London from Continental centers. Bonds were irregular.

THE BAKER CLUB ENJOYS SMOKER

An enthusiastic crowd, numbering just 162 men—mainly young men—of this vicinity attended the smoker and ratification meeting of the Cleve Baker club, held in Miners' Exchange hall Thursday evening. Good cigars were plentiful, and the colored artists, Kelly and Wilson, helped to entertain the crowd. Then, too, there were good addresses by Messrs. Cole, Dunlap, Oddie, Thatcher, Fitzgerald and others, all laudatory of Cleve Baker, who is a candidate for the office of district attorney.

Will Russell presided over the meeting in his inimitable style and kept things rolling. An executive committee of the club was appointed during the smoker, comprising Messrs. L. Platt, B. H. Smith, Max Kuhnze, Bob Bennett, Charles Schrader, James Hayes, Milo Davidovich, J. H. Morris, C. G. Smith, O. H. Perry, J. M. Cleary and Paddy Farrell. This committee will hold a meeting tonight in the Democratic headquarters under the Tonopah club to outline their campaign.

ARGUING THE RICKEY CASE

CARSON CITY, Oct. 8.—The entire court of yesterday in the supreme court of the state was consumed by Judge J. T. Peck arguing in the T. B. Rickey cases. The case will not be completed and submitted to the court for a period of several days according to the outlook at the present time. The attorneys for the state will begin argument today.

The decision denies the writ of complaint and application of plaintiffs for a temporary restraining order against the government carrying out the prescribed rules which govern forest reserves.
